Hard-Use Military-Grade 1050D Nylon

Nylon Fabric Construction

HIGH STRENGTH
LIGHT-WEIGHT
OUTSTANDING BEARING CAPACITY

- Hard-Use Military-Grade 1050D high tensile strength nylon ensures excellent resistance to rips, wear and tear
- Coated surface ensures excellent resistance to water and fouling
- High strength and lightweight construction ideal for all-weather use

Hypalon Synthetic Material Molle System

- The lightest weight and highest strength
- Outstanding water resistance
- Resistant to tear, and widely used in the construction of rigid inflatable boats
- High precision laser cutting technology creates a clean and smooth edge
- Accepts modular attachment and enhances storage capacity

Hook and loop
attachment system

Reinforced
grab-and-go
handles

D-Ring

Frontal Laser Cutting
Molle System

Allows for modular storage expansion

Expandable Storage System for Increased Capacity

Main compartment

Zippered
compartment

Detachable divider

NITECORE®

TACTICAL CASE

Dimensions: 12.4" x 10.8" x 3.15"
(315mm x 275mm x 80mm)

Weight: 18.2oz (516g)

FEATURES

- Designed for gear storage, every day carry and short trips.
- Hard-Use Military-Grade 1050D Nylon high strength abrasion resistant light-weight nylon fabric
- Coated surface ensures excellent resistance to water and fouling
- Frontal loop area for ID patches
- Laser cutting Molle System on the back made from durable Hypalon synthetic materials for modular attachment
- Main padded compartment with loop surface to accommodate hook-and-loop organizers
- Padded divider provides modular attachment capability and protects weapon and accessories
- Zippered compartment allows for quick and easy access to all stored items
- D-rings zipper pullers allow for fully ambidextrous operation
- Padded handle
- Weighs only 18.2oz (516g)
- Dimensions: 12.4" x 10.8" x 3.15" (315mm x 275mm x 80mm)
